

MASSACHUSETTS BOARD OF BAR EXAMINERS

INCLEMENT WEATHER POLICY MASSACHUSETTS BAR EXAMINATION

The Board of Bar Examiners will administer the Bar Examination as scheduled. In the event of inclement weather, applicants should presume that the examination will be administered as scheduled. Time will not be extended to accommodate applicants who arrive late due to weather-related travel issues. Applicants should report to their assigned testing sites at their scheduled times.

In the unlikely event that that Board of Bar Examiners determines that the bar examination must be postponed, announcement of the decision will be posted at www.mass.gov/courts.

The Board of Bar Examiners will make a decision independent of state government, the courts, counties, and any other agencies which may make inclement weather announcements or cancellations. **You should assume that the Massachusetts Bar Examination will be administered as scheduled unless there is an announcement which specifically states that the examination has been postponed.**

In the rare and unlikely event that the examination is postponed, applicants will be notified by email of the new date for the examination.
